Hey Patrick! Welcome aboard!

I know you I think - I've heard your name before. Patrick Wait. You're the MP75 man apparently!?! Is this right? Have heard of you before from quite a few people now. You know Clive from Knauf don't you? You're an approved contractor.

Well your reputation precedes you and you can't even make your first post on here without me pouncing on ya! :laugh: We could do with a guy like you at Utiform for onsite training with MP75. (Read the forum category on training: You've been doing this for a long time - I'll think you'll agree that real on-site environments are the only way to properly train someone in machine projection).

See you around Patrick B)
